

Journal of Advances in Science, Engineering and Technology

JASET – Vol.1. Issue .1, 2021.

Contents

[1. Prediction of titanium content in alloys for Aircraft applications Bhiksha Gugulothu and Rajeswari Vankudoth](#)

[2. Spectroscopic Studies of PbO-Al₂O₃-P₂O₅ glass-system by means of Nickel ions N. Krishna Mohan* and R. N. A. Prasad](#)

[3. Growth, dislocations, optical and microhardness studies on bisglycine hydrogen chloride – A nonlinear optical crystal Ch. Sateesh Chandra¹, D. Nagaraju², T. Thirumal Rao³ and N. Gopikrishna³](#)

[4. Reuse of Polymers as Fibers in Concrete: Review G. Srinivasa Rao¹ and Dr. K. Manjula Vani²](#)

[5. Organic Synthesis of Bio-Diesel from Waste Cooking Oil by Microwave Irradiation Praveen laws, Jyothi Boggavarapu, Srinivasa Rao, Susmitha](#)

[6. Extracellular synthesis of nanoparticles using leaves of selected medicinal plants and their antibacterial activity J. Sreekanth kumar¹ and Anuradha. G²](#)
